Abbotsford, BC V2T 4W7

To Whom It May Concern:

The Abbotsford Community Foundation contracted Visions By Design in 2006 to produce a video entitled “Did you Know?” This was the second project that we contracted Visions By Design to complete. The first project entailed Ms. Harris filming on location at the 8 high schools in Abbotsford that participate in the Scholarship and Bursary Program. She also interviewed many students to be included in the video. The videos were formatted so that the interviews could be replaced by updated interviews in future years.

Ms. Harris was very willing to listen to our project requests, and she provided very helpful feedback in how to make the videos relevant and interesting. The “Grad” videos are shown annually at each of the high school graduations, and we have had very positive feedback. The “Did you Know” video has also been very well received.

Ms. Harris provided professional, quality service, and the Foundation is very pleased with the end products. We would highly recommend Visions By Design to any company or individual wishing to promote their own company, business or product. The videos were both on time and on budget. Both videos are effective marketing tools for the Abbotsford Community Foundation, and we also use them to introduce new board and committee members to our organization.

Should you have any questions, or wish to discuss our support in person, please contact us at 604-850-3755.

Yours truly,
