RE: Thank you – Visions by Design

Dear Cindy,

I would just like to take the time to let you know how impressed we are with you and your company Visions by Design.

We have now completed 3 full lengths DVDs with Visions by Design and I am very satisfied with the high quality product that you deliver. Your personal attention to detail and ensuring that not only the product is top quality but also that it adheres to rules and regulations for the industry within which it is delivered, gave us peace of mind that we were in the hands of a company that cared about us and the product.

Another significant reason why we have now completed 3 DVDs with Visions by Design is that the project planning and attention to detail is incredible, so that when the actual camera shoot takes place, the time required is not extreme, which is a cost advantage to the customer.

All 3 of our projects were completed within the required timeframe and we were constantly given updates as to the continued progress of the project and the final editing.

To date we have sold close on 10,000 copies of our DVDs to our niche market and plan on utilizing Visions by Design for another two DVD projects during 2007.

Thank you Cindy, it is an absolute pleasure to work with you and your company.

Yours truly,

Colin Sprake
President
