To Whom It May Concern:

In 2005, Inline Supply Ltd. contracted Visions By Design to produce a DVD for one of our new products - HygeniCat™. Following a successful completion of this project, we again contracted Visions By Design to produce another DVD to showcase our other new product - Absorbalot™. Having had a positive experience while working with Ms. Harris on the first DVD, I did not hesitate to contact her to work on the second project. Ms. Harris provided us with great ideas and suggestions on how to showcase and film our products in a very positive way. We have used the DVD's very successfully as part of our marketing strategy. The DVDs were completed and delivered on time, and on budget.

Ms. Harris and her staff were wonderful to work with. We have shown the DVDs at various tradeshows in Canada, as well in Las Vegas, Chicago, San Diego, and they have been very well received.

I highly recommend Visions by Design for any company considering producing DVDs to showcase their organization, company and/or product. If you have any questions, please contact me at 604-897-1671.
